A special from Lexington says:

—Claude Williams, the nine year old son of J. M. Williams, deputy sheriff of Powell county, has had the remarkable experience, it is stated, of being struck squarely between the eyes by a bolt of lightning and surviving to tell the tale. The boy was brought to St. Joseph's Hospital here to day. The only serious injury he appears to have suffered is his eyes are terribly swollen, and it is feared that he will lose his sight. His face is also badly burned.

Yesterday afternoon while the boy with his sister and stepmother, were milking the cows at their home, near Stanton, a storm came up and they were hurrying through their task, when there came a vivid flash of lightning, and a bolt from it, it is said, struck the boy and knocked him to the ground. He soon revived, however, and as soon as possible he was hurried to the train and brought to this city for treatment. The bolt is believed to have shot off from its target to a wire fence a few feet away, and this is believed to have saved his life.

MORE NEWS FROM THE NEW ENGLAND STATES.

I anyone has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Simpson, of Williamantic, Conn., who, after almost losing hope of recovery on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. Chas. C. Davis.

Kansas may force the railroads to adopt a flat rate of two cents for all passenger fares and a complaint will be made to the railroad Commission urging that the roads be required to reduced fares.

LAND, STOCK AND CROP

For the near future the outlook for the cattle trade seems to be satisfactory, says the Chicago Stock Journal. It is generally believed that the supply of cattle will be sufficient for the demand, and the consumption of beef will, it is thought, keep up. Prices are likely to be remunerative to the cattlemen who did not pay to high figures for the cattle at start, but no one looks to see a high range of prices. Within three months there will be a great abundance of cheap cattle marketed from Southwestern pastures, and that will naturally cause a decided weakening in prices. The shipment of cattle from New Mexico to Kansas pastures has been seriously checked by a scarcity of cars. All the available pasture land in Kansas has been leased, however, and later in the season plenty of grass cattle from that region will be marketed at Kansas City. It seems probable that the desirable beef steers will sell in the Chicago market during the summer season between \$5 and \$6 per 100 pounds.

WONDERFUL ECZEMA CURE.

"Our little boy had eczema for five years," writes N. A. Adams, Herietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters, bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at Chas. C. Davis' drug store, 50 cents.

The Kentucky Court of Appeals Tuesday held that poolrooms and "bucket shops," where gambling in any form whatever is carried on can be proceeded against as a common nuisance and upon conviction the nuisance may be abated there after through indictments by a grand jury. The decision was announced in a poolroom cases from Campbell county and a "bucket shop" from McCracken county.

CONWAY

Corn planting is about over in this section.—We had some frost here on Tuesday morning of this week, but not enough to do any damage.—The oat crop looks well considering the bad cold weather it went through.—Henry Wood, son of J. J. Wood, has been appointed R. R. agent at this place. Mr. Wood has been learning telegraphy at different points along the line. The company will make this a telegraph office with Henry as operator. We are very glad to know that Henry got the office and wish him great success in his new position.

Mr. and Mrs. U. Berry are both on the sick list, Mrs. Berry being very low.—Mr. J. C. Wood went to Mullins Station fishing this week and says he had pretty good luck, caught two craw fish and killed four bullfrogs.—J. M. Nave visited homefolks at Nicholasville this week.—F. M. Herst is looking after the saw mill business here now for the Roundstone Lumber Co. Mr. Herst is a fine fellow and understands the mill business.—Atty. C. C. Williams, of Mt. Vernon, passed through here Tuesday en route to Berea where he had been on some professional business.—We are told that our old friend and neighbor, Henry Hamlin, who got hurt in a collision at Fort Estil by a freight train two years ago, compromised with the company at Richmond last week for \$2,800.—Mr. Robert Sparks and Miss Mary Pullins, daughter of G. W. Pullins, were quietly married at the home of Mr. Harvey Chenaault here last week. We wish the young couple a long, happy and prosperous life.

A NARROW ESCAPE.

G. W. Cloyd a merchant of Plunk, Mo., had a narrow escape 4 years ago, when he ran a jimson bar into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklin's Arnica Salve and that cured the dangerous wound." age at Chas. C. Davis' Drugstore.

THE MOST BEAUTIFUL WOMEN IN KENTUCKY.

The Beauty Contest conducted by the Courier-Journal during the past three months has been concluded, and the pictures of the successful ones will be printed in the Sunday Courier-Journal May 26. Several thousand photographs were submitted in this contest. The three most beautiful have been selected by a committee of well known people. These three will be entered in a National Contest, to find the most beautiful women in the United States. Everybody will want to see the pictures of the most beautiful woman in Kentucky. If you do not get the Sunday-Courier Journal by mail or through an agent, send 5 cents for a copy of this issue of May 26 at once to the Courier-Journal Co; Louisville, Ky and see the faces of the three most beautiful women in the State.

MY BEST FRIEND.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N.Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by Chas. C. Davis.

James Hargis admitted in his testimony in the trial for the murder of James Cockrill that he had said he was glad Cockrill had been killed, and said he felt bitter over the killing of his brother Ben Hargis, by Tom Cockrill. Several witnesses were introduced by the defense in the hearing at Lexington, and the case is now drawing to a close. Ed Callahan has finished getting out his logs and attended the trial Friday.

WHEN the bill was up before the last legislature prohibiting railroads and express companies from shipping liquor into local option territories, it was pointed out to the farmers of the bill that it was conflict with the Interstate-State Commerce Act and would be of no benefit to the local option communities but would be a great hardship on Kentucky brewers and distillers in favor of those of other states; the recent decision of the United States Supreme Court sustains that contention. It has decided that a man who lives in a local option district may order liquor from within the state and it may be sent to him C. O. D. and upon the payment of the price at the local express office, he will get the goods, although he may not even have ordered it. This decision also invalidates the law which says that a druggist or others who have a legal right under the statutes to sell liquor may not receive it in more than five gallons shipments. The Legislature willfully did the distillers and brewers of this state a great injury and did not help the cause of temperance in the least. The law should be repealed. In fact, most of the time of each Legislature is taken up in repealing the fool laws made by the last.—Ex.

THE attention of the city council should be directed toward some of the filthy back streets and alleys, of our town and an order calling for a general cleaning in the rear as well as in the front of every house, should be made and then enforced. Just such waste piles as can be found scattered all over the town is what causes disease.

IN a decision handed down Tuesday by the Court of Appeals in the election contest cases of the city and county officials of Louisville and Jefferson county a general sweep was made of every office, except the Circuit Judge and Magistrate.

MT. VERNON has plenty of ordinances and good ones too, but the great trouble, scarcely any of them are enforced.

POLITICS AND POLITICIANS

The supporters of Augustus E. Wilson for the Republican nomination for Governor are very much alarmed over the efforts of opposition Republicans over the State to turn the tide towards the nomination of Judge William H. Holt. Advocates of Judge Holt

are extremely active in the Western part of the State.

The six sitting Judges of the Court of Appeals have voted, four to two, to reverse the decision of Judges Kirby and Miller, of the Jefferson Circuit Court, in the contest of the Fusionists to oust the Democratic officeholders of the city of Louisville and Jefferson county, who were declared to have been elected in the election of 1905.

The Appellate Judges voting to set aside the election of 1905 are Lassing, O'Rear, Baker and Settle. The Judges voting to affirm the decision of Judges Miller and Kirby are Hobson and Nunn. The two dissenting Judges, Hobson and Nunn, will not hand down a dissenting opinion. Therefore, on its face, the decision of the Appellate Court will appear to have been reached unanimously, where as the vote was four to two.

The Kentucky crop report says that the month of April will long be remembered as the coldest and most unfavorable for crops and spring work for many years. The weather was cool and damp from the first up to the 24th of the month. The thermometer several times registered below freezing. The warm dry spell in March had caused quite a good deal of corn to be planted. This was a complete failure, as all had, or will have to be planted again. The forward wheat where it had begun to point is supposed to be materially injured, bringing the conditions down in month ten points. The oat crop was also damaged by freezing at the time of germination. The peach crop is nearly all killed. Plums, cherries, apples and pears suffered considerably but not to the extent of the peach crop. There is a general complaint of the scarcity of tobacco plants. The seed from some cause failed to germinate as well as usual. The frost killed a good many where they were well advanced. For the first time the flea bug is reported to have done considerable damage to them under canvass. The yield of Burley of the 1906 crop is estimated at 90 per cent. of the crop of 1905. There is also a falling off of eight points in dark crop; estimated at 92 per cent. of the crop of 1905. Grasses and pastures received quite a set back from the cold weather. The acreage seeded to clover and alfalfa is very satisfactory considering the failures in clover the last few years and the high price of seed. The number of cattle being fed and grazed are less than last year. Hogs have also suffered a loss in number. The number of lambs are nearly up to the standard. The potato crop is an average in acres. The outlook from present conditions is not flattering or very encouraging to the farmer.

The Blue Grass Fair of 1907 will be held at Lexington, Ky., the week of August 12th to 19th, inclusive. About \$25,000 will be given in premiums. It will not conflict with any other Fair of importance in Kentucky or with any of the big State exhibitions. It will precede the latter and thus will offer the first meeting ground for the prominent stock of all kinds that will do battle down the big circuit. A classification better than was ever had by any other Kentucky Fair has been arranged. A preliminary prize list will be issued within the next few weeks. Of course there will be racing for a fair at Lexington without racing would be anomalous. An attractive speed program will be prepared and sent out in due course. In order to effect an organization which can be of very great mutual benefit and work with profit to desirable ends, the secretaries of a number of the most prominent of Central Kentucky fairs held a meeting at Lexington, on Friday May 10th. J. W. Shouse, Secretary of the Blue Grass Fair, was elected permanent chairman of the Association of Secretaries, and H. C. Bright, Secretary of the Danville Fair, permanent secretary. The Association will have two primary objects; first to arrange such a circuit as will prevent any conflict of dates between the Central Kentucky fairs that could prove injurious; second, to secure the adoption of a uniform classification. The meeting of May 10th was merely preliminary to the future work of the Association. It was deemed expedient on account of the lateness of the date, not to attempt to really put anything into effect this year, but a meeting will be

held in January of next year and a schedule of dates as well as a form of classification suggested and adopted.

By recent decision of the United States Court of Claims in Washington, a number of Kentuckians will be reimbursed for losses they sustained during the Civil War, and the heirs of A. T. White and Gen. T. T. Garrard of Clay county, will receive between \$75,000 and \$100,000.

For more than forty years Congress and the Federal Court have been appealed to in behalf of the claimants, who wanted payment for damages done the salt wells near Manchester, Clay county, by United States troops.

Judge J. H. Embry, formerly of Richmond has been counsel in the case for about thirty years. Recently Capt. C. C. Calhoun, formerly of Lexington, has been associated with him.

Among the beneficiaries are Captain Garrard, of the United States army; former Congressman John D. White of Clay county, Mrs. Geo. Mahan and Mrs. W. S. Hager, wife of the Democratic nominee for Governor of Kentucky and several others.

In 1862 General Buell believed that the Confederate forces intended to come to Manchester and appropriate a large quantity of salt on hand at the wells owned by the Garrards, Reids, Whites, Hortons and Chastaints. The Confederates had frequently taken this course before, and Gen. Buell concluded to order the destruction of the wells. Consequently the property was demolished.

Two years later Gen. Garrard and other owners of the property asked to be reimbursed. They proved their loyalty to the Union, but were never able to get favorable action on the claim.

In the early '60s Judge Embry was placed in charge of the matter. On several occasions he got it through the house or Senate. Finally it passed both branches, but President Grant vetoed it.

It was then decided to try the United States Court of Claims. Through the late Senator Beck this was accomplished and until now it has remained before that body. At the next session the claim will be certified to Congress by the court and the money will be appropriated.—Ex.

The appeal of Count Boni de Castellane against the decision of the court which on November 14 last granted a divorce to the Countess de Castellane, formerly Anna Gould, of New York came up in Paris Tuesday.

Keep Your Bowels Open

It is a noticeable fact, and one which any doctor will verify that people who suffer most often from disease are the ones who have the most difficulty in keeping their bowels open. Regular bowel action is half the battle of health. People who have a tendency to constipation must of necessity use something to help nature along. This should not be a violent aid like salts or purgative waters, cathartic pills or powders, but a syrup liquid that will oil the intestines and membranes that it comes in contact with. Children, women and weak people generally should never be given a strong physic, as it weakens the system. And it is futile for the strongest person because the relief is only for that day, and then the reaction sets in and you are worse off than before. What is needed is a prompt, but gentle laxative like Dr. Caldwell's Syrup Pepsin. People have been taking it for sixteen years and it is being better liked by more people every year. The reason is that it fills a want. It is unlike anything else. Results are so sure in constipation, dyspepsia, indigestion, trouble, biliousness, flatulency, sour stomach, weak stomach, bloated stomach and such like that a cure of any of these ailments is absolutely guaranteed. A bottle costs but 50 cents or \$1 and is worth a hundred times that to any sufferer. Wise mothers keep it constantly in the house for emergencies because it is so sure, so gentle, time or other by every member of the family. Dr. Leslie Underhill, the medical superintendent of the Working Women's Home of Chicago has kept her charges in perfect health by the use of Dr. Caldwell's Syrup Pepsin whenever a stomach complaint was brought to her attention. No other laxative is used in the Home. Buy a bottle yourself today and watch the prompt and permanent results.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get the most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." G. T. Johnson is thinking seriously of disposing of his small dynamo and engine and putting in one sufficient to furnish two hundred lights. He is furnishing light for W. M. Poynter at present and there are quite a number of others who are begging for lights. What a pity that the whole town cannot have lights.

As it is usually the custom to probate all wills as soon as practicable, we take it that the will of the late M. J. Miller will go to probate Monday, that being county court. The report is current that the same has been read by the family and his entire estate, which is variously estimated from \$60,000 to \$100,000, is left to his widow to dispose of as she sees fit.

Otto Hatcher who was hurt by a train Friday is doing very nicely. His left arm is broken in three places, and he has a rather ugly but not serious flesh wound in the side. The accident occurred while making a coupling. He is in the hospital at Lebanon. He fell from a box car near Livingston a few months ago and was considerably bruised up which kept him off of duty for several weeks.

TOUCHED UP:—While in London last week attending court, Rev. B. S. Davault was touched up for his watch, pocket knife and a small amount of money. Rev. Davault was stopping at the Hubbard house and about two o'clock in the morning was awakened by a noise in the room as he arose saw a negro man leave the room. The last report from there was to the effect that the officers thought they were pretty close on the trail of the thief.

The Rockcastle County Teachers' Institute will be held in Mt. Vernon, Ky., beginning Monday, June 24th 1907, and continue for five days. It is the law that each teacher in the county holding a certificate or those who expect to be examined during the year, shall attend the full time. I request each Chairman Board of Trustees to notify their teacher accordingly as stated above. Respt. yours, G. M. BALLARD, Co. Supt.

Foolish spending is the father of poverty. Do not be ashamed of hard work. Work for the best salaries and wages you can get but work for half price rather than be idle. Be your own master, and do not let society or fashion swallow up your individuality—hat, coat boots. Do not eat up or wear out all that you earn. Compel your selfish body to spare something for profits sake. Be stingy to your own appetite, but merciful to other's necessities. Help others, and ask no help for yourself. See that you are proud. Let your pride be of the right kind. Be too proud to wear a coat you cannot buy; too proud to be in company that you can not keep up with in expenses; too proud to lie or steal, or cheat; to proud to be stingy; in short be a man of integrity and individuality.

A town without a good live Commercial Club is not much town.

Under an amended ruling of the Court of Appeals it is illegal for a Magistrate to accept any work on the county roads, even though he work under and through the road supervisor. The court holds that the contract is with the county in effect, and that such a ruling as had previously been laid down would open the door for graft, if the Fiscal Court should be dishonest.

Time was when some business men kept their names and wares out of newspapers because, they said, "Nobody reads the advertisements anyway." But that was long, long ago. No one talks that way now. No one believes it now. No one attempts a successful business now without newspapers aid. Even the lady shopper says it is much easier and pleasanter to look through the advertisements of the paper finding out what the merchant has got and his prices, than to bore the clerks for information, and waste her own time. Yes, in these latter days people do read advertisements, seek the stores from which they come and profit largely thereby.—Ex.

The Lexington Herald says plans are on foot to merge most of the lumber and planing mills on the Kentucky river from Ford to Frankfort into one. Among those mentioned in the deal are The Hughes Lumber Co., of Nicholasville and High Bridge; the Burt & Brabb Lumber Co., and the Ford Lumber Co., of Ford; The Southern Lumber Company, of Valley View, and the Kentucky Popular Lumber Company, of Frankfort.

The capital stock of the new company will be \$5,000,000 if the merger is effected under the name of The Central Kentucky River Lumber Company. The improvements made on the Kentucky river in the last ten years has enabled the lumber mill men to build up a large business, and the largest dealers have come to the conclusion that now is the time to merge. Among some of the men mentioned in the deal are W. R. Thomas, Dudley Hughes, J. S. Roberts, A. V. Jackson, and Messrs. Burt and Brabb.

INCREASING TELEPHONE SERVICE

The telephone is growing to be indispensable on the modern farm. Looked at merely in a cold blooded dollars and cents' way, it pays for itself every year in time saved in going to town and running errands about the neighborhood. In a hundred ways the telephone saves time and helps to keep things going on the farm, thus swelling the profits for the year. The telephone is really more necessary to the busy farmer than to the city business man who sits with one at his elbow and talks with the man in the next room without leaving his chair. The telephone is the connecting link between the city and the country. It puts the farmer next door to everybody and everywhere. In a social sense alone, it is worth all it costs. The neighborhood news is flashed over the wire before it gets cold. It keeps the boys and girls contented at home and the monotony of a secluded life is broken frequently for the mother and wife. The advantages of farm telephone cannot be overestimated, because their practical utility is unlimited and where installed they are seldom taken out. You can't keep house without them after once learning the convenience, time-saving and money-saving features of having one in the house.—Farm and Home.

WASHINGTON, May 16.—No special delivery postage stamps will be needed after July 1 next to insure the immediate delivery of letters. Pursuant to an act of the last session of Congress, Postmaster General Meyer today issued an order that on and after July 1 next the attachment to any letter or package of mail matter of 10 cents' worth of any denomination of stamps with the words "Special Delivery" printed on the envelope or covering, in addition to the postage required for ordinary delivery, will insure that the article will be handed as if it bore the regulation special delivery stamp.

At the G. A. R. Encampment in Louisville last week, Professor Le Vant Dodge, of Berea College, was elected Department Commander. Professor Dodge is 69 years old and served in the Civil War with

the 179th. Ohio Regiment. He has been connected with Berea College for 32 years occupying the chairs of Greek, Mathematics and Political Science.

"Hold!" exclaimed the lawyer for the defense. "I object!" "What is the objection?" asked the Court.

"The attorney for the prosecution is trying to prove by the witness that my client is guilty of the crime charged in the indictment." "The objection is sustained, decided the Court.—Chicago Tribune.

The local option forces went down in defeat at Cynthiana, the majority in favor of open saloons in that city being thirty-four votes. A general election in Harrison

county, with Cynthiana as a separate unit, has been called for July 6, and the whole question will be fought over again at that time.

ROYAL BAKING POWDER
Made from
Pure Grape Cream of Tartar

The only excuse for buying anything but a Pure Grape Cream of Tartar Baking Powder is to save a few cents in price.

ROYAL costs you a few cents more per can than Alum or Phosphate of Lime powders, but it is worth far more than the difference to keep your biscuits, cakes and pastry free from the injurious effects of these cheapening substitutes.

Continued use of Alum means permanent injury to health.
